

Made in Germany. Quality from Baden-Wuerttemberg.

The steadfast commitment to Germany as our production site is our foremost corporate objective. We rely on the high quality standards and the unrivalled strengths of Germany as a business location, which are in danger of being undermined in the competition with low labour cost countries.

Germany is one of the most expensive production locations worldwide. And for good reason: by international comparison, Germany stands out for its excellent productivity and high performance level.

Our products are manufactured exclusively in Germany. That is why we can guarantee the quality, the reliability and the safety of our products. Every model is produced by a specially trained worker who is responsible for all stages of the production process. The upholstering and the assembly of our individually manufactured products are carried out by highly qualified and experienced employees who are committed to Made in Germany. The materials are supplied by German manufacturers located mainly in Baden-Wuerttemberg.

Safety Statement

We herewith certify that our upholstered furniture complies with environmental requirements and is entirely 100% Made in Germany at our production facilities in Baden-Wuerttemberg.

The wooden materials used have not been treated with wood preservatives. MDF, plywood or Multiplex boards have been classified according to the guideline on the classification of chipboards with regard to formaldehyde emissions.

The varnishes used contain no formaldehyde, no chlorinated hydrocarbons, no heavy metals and no insecticides. The emissions of residual solvents or volatile compounds are below the respective limits.

The basic raw materials used for the manufacture of the foam materials contain cadmium, nitrosamines, formaldehyde, asbestos nor PCB (polychlorinated biphenyls). The dyes used for leathers and natural or synthetic fibers are below the legal limits. All our leathers meet the legal requirements. They comply with the quality standards set by the Association of the German Upholstered Furniture Industry and the Association of the German Leather Industry.

The safety of the materials processed by us is verified by our suppliers and through tests carried out by independent institutions.

Made in Germany. Quality from Baden-Wuerttemberg.
